PARTS ORDER AND PARTS EXCHANGE POLICY

- (a) Parts orders and parts exchanges which total \$30.00, or more, list, will be billed at a 50% discount. Parts orders and exchanges may be combined.
- (b) Parts orders and exchanges which total less than \$30.00 list will be billed at a 33 1/3% discount.
- (c) When the order list and the exchange list are the same no exchange is allowable.
- (d) Defective parts are exchanged for like parts only, and must be marked "defective." Parker inspectors are the sole judge of the validity of defective parts claims.

STOCK ADJUSTMENT

Stock adjustments are limited to current parts having a higher order price than exchange price. The difference between the two prices is the list value of the parts returned, regardless of whether the parts are new or used. A covering order is required and must equal or exceed the value of the parts returned. No credit will be issued to your account.

CREDIT WHEN DISCONTINUING SERVICE

- (a) When a service station permanently discontinues the repair of Parker merchandise, all Parker parts listed in the current Parts Price List may be returned for credit. This credit is computed at 50% of the full current order list price (to deduct the normal discount), less a 40% handling charge to cover our costs of inspection, rework and scrap. In other words, the total credit allowed will be 60% of the net amount currently paid for these parts, regardless of whether the parts are new or used.
- (b) Any part which is not listed in the current Parts Price List has no credit value. No credit allowance will be made on tools or equipment.

Terms of the Parker Parts Order and Parts Exchange Policy and the prices shown in the Parker Repair Parts Price List are subject to change without notice.

Volume XV, Number 1

May 1969

Effective 1 May 1969, the only nib grades available on new orders for nibs and nib assemblies are the following grades: Extra-fine, Fine, Medium and Broad.

The remaining grades shown in the Repair Parts Price List book will still be available on Exchange Orders on a "like grade" for "like grade" basis. If your return of exchange parts include some of these "discontinued" grades we suggest you separate them to help insure the proper exchange.

VACATION NOTICE -- The last day of work before our annual summer vacation is Thursday, 26 June 1969. We will reopen on 14 July.

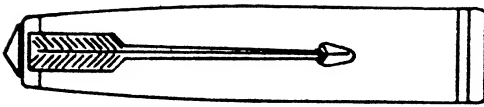

Orders received later than 20 June may not be processed prior to our closing, which would mean that they would be held over until we return to work on 14 July.

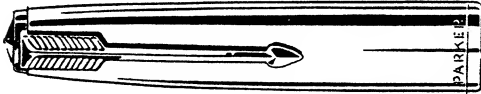

Attached are replacement pages for Section w in the Parker Repair Parts Price List book. Please discard your present Section w and replace it with these new pages.

ADDITION OF NEW PRODUCT
TO

Φ THE PARKER PEN COMPANY'S RETAIL PRICE LIST

Effective 15 May 1962, The Parker Pen Company's Retail Price List which became effective on 1 October 1961 is amended to add the new product described below. The price shown is the minimum Fair Trade retail price stipulated pursuant to contracts (including Retail Franchises) entered into between The Parker Pen Company and retailers in each state having a Fair Trade Act.

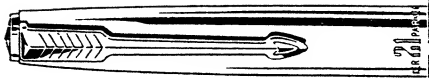

All sales and excise taxes applicable to retail sales must be added to the minimum Fair Trade price shown.

<u>MODEL</u>	<u>MIN. FAIR TRADE PRICE</u>
ARROW cartridge pen (plastic cap and barrel)	\$3.95

The price shown is the price for the pen plus five Super Quink ink cartridges.
